
HOLIDAYS HOMEWORK 2018-19

CLASS: IV

Vacation time! Time to rejoice and rejuvenate! This is also the time to don your creative hat. So let your little finger dance around with pencil and eraser, paper and scissors, paint and colours.

**Switch on the thinking engines of your mind.
Whatever you have learnt just rewind
Little bit of research and lots of imagination
Will make your holidays fruitful and add colours to your creation.
Now get set go.....**

INTEGRATED PROJECT:

We are incorporating integrated project based learning wherein students will prepare projects for all the subjects based on a common theme. The objective is to inculcate the approach of integrating diverse subjects and the spirit of collaborative learning.

THEME- GO GREEN

GENERAL INSTRUCTIONS:

- ✓ Integrated project of all subjects is to be done in Scrap Book (only)
- ✓ Present your work neatly
- ✓ Manage your work in such a way that a little work is done every day to avoid piling it for the last moment
- ✓ Parents are requested to only guide their children while doing the assignment.
- ✓ The areas to be covered are suggested below. You can of course use your creativity and innovation for new ideas too!
- ✓ The project needs to be developed and presented in this order
 - Cover page showing project title, student information, school and Academic year.
 - List of contents with page numbers.
 - The work should be done in this sequence only-
 1. English
 2. Hindi
 3. Science
 4. Social Studies
 5. Mathematics
 - The last page should have Bibliography/ Sources of information from where you have collected- your information.

VISIT A NEARBY PARK WITH YOUR PARENTS

ENGLISH

On visiting some nearby parks in your summer vacations, write a letter to your friend telling him/her about the importance of plants and what do they take and give us to make this world a beautiful place to live in.

हिन्दी

हरी-भरी धरती' पर एक कविता चित्र सहित लिखिए ।

SCIENCE

Collect any five flowers, dry them in folds of newspaper, paste them and write the following information:-

- Name of the flower.
- Season in which it is easily available.
- Its uses (herbal/medicinal/any other)...

SOCIAL STUDIES

You have observed many things during your visit to the park. Make a poster on "Happy Earth Vs Sad Earth" on the basis of your observation.

MATHEMATICS

Draw a view of pollution free dream city using geometrical shapes (use paper cutting / folding)

LETS ATTEMPT SOME MORE

ENGLISH

- Read at least two stories on 'Go Green.' Write the name of the stories read and what you have learnt from them. (In Scrap Book). Also design a book cover of any one of the story read in a creative manner.
- Read the chapters of My English Reader Book, find the meanings of the new words and write them in the book itself.
- Learn all the poems of My English Reader Book.
- Revise Writing Skills – Informal letter and Paragraph Writing. (In Rough Notebook)
- Do ten pages of handwriting practice daily in English Reader note book. For writing practice write each quotation eight times on a page.
 - Plant a tree, to keep the next generation pollution free.
 - Don't make trees rare, keep them with care.
 - Trees – the lungs of the world.
 - Take care of trees; they will take care of you.

- Trees on, Global warming gone!
- Trees give good look; don't destroy them from earth's book.
- Love Nature, love Mother Earth.
- You must be the change, you wish to see in the world.
- Let's go green, to get our globe green.
- Being green is staying green.

SOCIAL STUDIES

1. Read all the chapters of We and Our Living World Book. Underline the new words and write their meanings in the book only.
2. Revise all the chapters done in the class.
3. Practice the maps done in the note book.

SCIENCE

1. Read all the chapters of MY LIVING WORLD. Underline the new words & write their meanings in the book itself.
2. Make a 3 D model of a plant according to your roll numbers-

1-10	Plant of plains
11-20	Plant of hills
21-30	Plant of desert
31-40	Evergreen plant
41 onwards	Plant of marshy area

MATHEMATICS

Draw and colour your family tree (from your grandparents to you). Stick photographs of each family member. Write year of birth of each member and perform the following operations :(In Scrap Book)

- 1) Add year of birth of all members
- 2) Multiply the above sum by your age
- 3) Write the number name of the product formed
- 4) Expand the product in 3 different ways
- 5) Write the successor of the product
- 6) Write the predecessor of the product
- 7) Subtract age of eldest and youngest member of the family
- 8) Multiply the difference by the total number of family members
- 9) Form the greatest and smallest number using the digits of the number formed in answer 8
- 10) Represent the number formed in answer 8 on the abacus using green Bindis

हिन्दी
